Canapé Art

(Walkabout)

Under the direction of performer/designer Eleni Edipidi **Levantes Dance Theatre** creates theatrical work which is inclusive and visually strong. Their popular **Canapé Art** projects feature a pair of performers in exquisite identical costumes, make up and headgear. There are several applications and formats for **Canapé Art**; the firm festival favourite is the Walkabout. Dressed to impress, the delightful pair mingle with the public, creating beautiful and unique, edible tattoos on hands, arms and faces. Suitable for everyone from curious adults to inquisitive tots, this is a perfect icebreaker at any arts or festival event. Expect bright sugar icing, marshmallows, a bit of silliness, edible beads, sequins and lots of glitter!
