

Lance moi en l'air

Available 2023

Under the Artistic Direction of Oliva Quayle and Jan Patzke, **Joli Vyann** presents an innovative fusion of daring acrobatics and beautifully articulated, communicative dance, drawing in audiences through stories which fire the imagination. The work is athletic, technical, exciting, emotive and relevant.

Joli Vyann's signature duet ***Lance moi en l'air*** is about the connection between two people, exploring the elements of strength and submission, weakness and control within their relationship. An exciting mix of dance and partner acrobatics, this show has become a classic, enthralling audiences of all ages.

Commissioned by Without Walls, Out There International Festival of Circus & Street Arts and Winchester Hat Fair. Co-commissioned by Bournemouth Arts by the Sea Festival and Bristol Harbour Festival.

BOOKING DETAILS

Touring	on request
Performers	2 (Jan and Olivia or alternative cast)
Number on the road	2 (plus child, plus childcare)
Duration	25 minutes
Number of performances each day	2, with 2 hours clear between performances (in other words, each performance starts minimum 2 hour 30 minutes apart)
Performance area:	6m x 6m x 4m high
Set up:	3 hours between arrival and performing.
Warm up:	A warm up space with 4 metres height is ideal. If the allocated space is some distance from the performance area, a quick warm up space (eg in a tent) needs to be provided close by for there to be a good chance of a performance in changeable weather conditions.

Technical Requirements and Access: Presenters need to provide a sound system with connection to laptop or phone which the company brings, plus lighting if the performances are after sunset. Warm up space as above. The company tours its own floor and dance mat. If the presenter intends to provide its own flooring, arrangements must be approved with the company in advance.

Site access: A drop-off point close to the performance site is appreciated, along with assistance with unloading the dance floor and mat and a parking space for the van.

Stewards: Minimum two stewards are required to ensure the public do not cross the performance area during the action.

Wet or extreme weather: The show cannot play in rain. The show can be performed in a slight drizzle at the performers' discretion. Extreme heat and wind can also be a problem; again the performances can only go ahead at the company's discretion. The company is always open to discussing what's possible, rather than cancelling.

Performance fee (UK only): £1550 plus VAT for up to two performances a day and £2750 plus VAT for up to four performances over two days (up to two per day) plus travel, per diem and accommodation. Accommodation should be in a self-contained apartment or house with two double bedrooms suitable for four people plus child (the company travels with their son and child minder(s)) - see below. On site catering may be substituted for per diems under certain conditions and with the agreement of the company.

Performance fee (outside UK): Price on application.

Company Access: The artistic directors/performers (who are a couple) travel with their toddler and childcare person/people. In order to continue performing this extremely physical show there are a few requests which make life easier with a toddler on tour:
A self contained apartment is required with at least 2 bedrooms so that the childcare personnel can stay with the family.
If an apartment is absolutely not possible and a hotel is the only option, the company would need

a conversation well in advance.

Either way, there needs to be enough space for a travel cot and a separate space where parents can eat dinner after their child goes to bed. There also needs to be access in the accommodation for a pushchair and there needs to be parking close by. If the festival can provide childcare please have a conversation with STDMA in the first instance.

Note: the above does not apply if the alternative cast is not performing.
